Beginner 2 Classes

If you are reading about our Beginner 2 program then our Beginner 1, "Taste of bridge" course did its job. Welcome to our world!!

The Beginner 2 series provides the bidding and play tools you'll want to have to start joining in the fun. We have eight playing sessions a week...mornings, afternoons, evenings, weekends. Your choice. About half way through Beginner 2 you can start making dates with your classmates and with Beginner 2 students from any of the other three sessions going on at other times of the week.

When you're ready to jump in, email us (honorsbridge@gmail.com) if you'll be needing players to fill out your table. Sam, Mo, Benjamin, and Jin are here to make your transition from lessons to play a very enjoyable experience.

The Beginner 2 series meets once a week for six weeks and comes with two of these supervised play sessions free.

Topics include: Basic bidding, Overcalls, Take-Out doubles, and lots of work on play.....\$225.

Our Beginner 3 Series

Did you use to play bridge regularly but feel the need for a refresher course? Have you already taken a dozen or so bridge classes and played a few times? This series starts you on your way to building a powerful modern

bidding system. You'll work on constructive bidding sequences, with emphasis on 1NT responses and rebids, and what it takes to go to the two level in a new suit. You'll also study card play, defensive strategy, and be shown a few ways to signal partner during the play. Four or more practice hands will be played and thoroughly analyzed each week.

Six 2-hour classes and two free practice sessions...\$225.

Our New Advanced Beginner Course

Starting with the end of our next three Beginner 3 courses, our graduating students will be encouraged to go into an entirely new type of program.

Rather than another six week series, we've expanded it to include almost half a year's worth of lessons (see "EASY" Pass inside). Giorgia, Alene, and Barbara will be taking their groups into this new course. The two morning classes will begin with different topics. The idea is to have it so that anyone finishing Beginner 3 will be able to jump into this Advanced Beginner course at any point along the way.

Starting with different topics allows students to take more than one class a week and/or makeup lessons they missed at several different times. Classes on different topics will be able to stand on their own.

**There are more than twenty individual classes.

Our Supervised Practice Sessions

It is often a good idea to try one of our supervised practice sessions before joining a class to see what comes back. Practice what you've learned with an instructor or two in a pressure free environment.

Remember: Two separate practice sessions come with both the Beginner 2 and 3 Courses. Beginner 1 and 2 students must come as a group of three or four to these practice sessions. After beginner 2 students can come by themselves to any one of them.

Monday afternoons from 4:00pm - 6:00pm

Tuesday mornings from 9:45am – noon

Tuesday evenings from 6:30pm – 9:00pm
